#### **4. Functions of the Commission**

The Constitution of India has enjoined consultation with the Public Service Commission on matters of appointment and certain other matters as specified in Article 320 in respect of the Civil Services and posts. The Public Service Commission has to perform the duties relating to matters specified in that Article. These include conducting examinations for appointment to Civil Services and posts under the State Government and advising the State Government on all matters relating to methods of recruitment to Civil Services and posts, on the principles to be followed in making appointments to Civil Services and posts and in making promotions and transfers from one service to another, on the suitability of candidates for such appointments, promotions or transfers and on all disciplinary matters affecting a person serving under the State Government in a civil capacity and on certain other matters.

Article 229 and Article 234 also contain provisions in terms of which the Commission is required to be consulted in matters of appointment to certain categories of posts in offices attached to the High Court and to the State Judicial Service respectively. Besides, Acts made for certain statutory bodies contain provisions for consultation with the Commission in matters of appointment to certain categories of posts under such bodies. Article 321 also contains provision in terms of which additional functions may be entrusted to the Commission by an Act made by the State Legislature as respects the services of the State or any local authority or any body corporate or any public institution. Such an Act has, however, not been made till now.

The Commission is consulted by the State Government in making recruitment to a majority of Civil Services and posts. However, some posts under the State Government have been kept outside the purview of the Commission by making regulations in terms of the proviso to Article 320(3) of the Constitution. Such regulations are the West Bengal Public Service Commission (Exemption from Consultation) Regulations, 2008.

#### **5. Workload of the Commission**

A statistical account of the main items of work performed by the Commission during the year 2012-2013 is given in the following pages under the caption: **Workload at a Glance.**

Table I intra gives previous and current years' figures on certain items of work.

## **6. OBSERVATIONS**

### **A. Requirement of consultation with the Commission regarding promotion:**

The Commission has noticed that the proviso to Article 320(3)(b) is being interpreted by many Departments of the Government that consultation with the Commission is not necessary for making promotion from one post to another where the posts are (i) within the same service and (ii) not belonging to any service (i.e. the posts of West Bengal General Service). The Commission is of the view that such interpretation would not be in consonance with the spirit of the Constitution. The Patna High Court in the case of Hariprasad Vs. State (AIR-1972, Patna-4) and the Supreme Court in the case of Jammu and Kashmir Vs. Rajdulari Rajdan and others (AIR 1979-SC-586 and 587) gave the judgement in favour of consultation with the Commission in all cases of promotions. It is mentioned in this connection that the Union Public Service Commission after discussion on the point at the National Conference of the Chairmen of the State Public Service Commissions, has sought an amendment to Article 320(3)(b) in its memorandum to the National Commission set up to review the working of the Constitution so that the scope of interpreting the existing expression in the Article is obviated and the Commission is consulted in making promotions from one post to another.

The Commission expects that the State Government would consider the matter and take steps so that the Commission is consulted in making promotions from one post to another in all cases.

### **B. Reporting of vacancies to the Commission for various recruitment examinations:**

The Commission has been experiencing difficulties in obtaining estimates of vacancies from the Departments of Government in time. In some cases much delay occurs in reporting vacancies to the Commission despite urgent requests and repeated reminders. Consequently, holding of personality tests after the written examinations in the concerned cases gets deferred and finalization of results of the examinations is delayed. Often vacancies are reported long after the completion of personality tests. Such vacancies cannot be accepted for that particular examination and remain to be filled up on the results of the next examination. Needless to mention that an estimate of vacancies is necessary for the Commission to fix up the number of candidates for the personality tests and once the personality test is completed on the basis of the estimated record, further vacancies for the particular examination cannot be accepted.

The Commission feels that it may be possible for the Departments of the Government to make a forecast of vacancies to occur in a year due to retirement. Additional vacancies due to resignations and/or creation of posts can also be accommodated mostly by the time the estimate of vacancies is required for the personality test. Such procedure should be followed in the cases of annual recruitment examinations in view of the difficulties mentioned above.

An annual calendar of vacancies in the posts within the purview of the annual recruitment examinations may be prepared and maintained by the appointing authority so that an estimate of vacancies in the posts for the annual recruitment examinations could be furnished positively by the 31st of March of the year of the examinations taking into account the vacancies to be available by the 31st of December of that year.

### **C. Disciplinary cases—Incomplete reference from Government Departments:**

The Commission reiterates its earlier observation that the disciplinary cases are mostly referred to it for advice without furnishing necessary documents and particulars. Such cases are therefore required to be sent back to the Departments concerned and thus it is unnecessarily delayed.

### **D. Extension of Pre-examination Training Facilities:**

The Commission in its earlier annual reports tendered advice in favour of the extension of the existing facilities of pre-examination training of SC/ST candidates for various recruitment examinations. It is noticed that a good number of vacancies reported for these categories of candidates remained unfilled for want of suitable candidates, even after sufficiently lowering the general standard, during the period under report. The Commission suggests that the Government may consider opening training centres in various places in the State, especially in the tribal concentrated districts.

**E. Departmental Examinations—Ensuring Appearance of the officers at the Examinations:**

It has come to the notice of the Commission that quite a large number of officers whose cases are forwarded to it and who are admitted to these examinations do not appear at the examinations, causing much inconvenience to the Commission as also wastage of time and drainage of money. So, the Commission suggests that the officers applying for the Departmental Examinations should be instructed by the Departments/Offices concerned to appear at the examinations without fail.
